## LIQUORPRO FEATURES

➢ IMPROVING BUSINESS AND DELIVERY OF LIQUOR RETAIL MANAGEMENT SYSTEM
➢ INCREASES EFFICIENCY
➢ INCREASES WORKFLOW EFFICIENCIES

### Performing Area

| |
|---|
| Standalone Retail Wine Off Shop / On Shops |
| Bar and Bar Cum Restaurants |
| Liquor Chain Shop |
| Bonded Warehouse |
| Liquor Wholesalers / Distributors |

This system has a total coverage of inventory of a retail liquor shop. We divide this system into three parts as follows- master entry, transaction entry and inventory reports printing. In master entry part user can enter records related to manufacturer, customer, division of liquor, brand of liquor, size and item. In transaction entry part user can put purchase records, sales records and also breakage records, user can print sales bill from sales entry part. Last the inventory reports printing part where various reports generated regarding sales, purchase, stock. Some of them are 'daily sales register', 'cash memo register', 'consolidated sales register', 'party wise and item wise purchase register', 'consolidated stock register', 'daily accounts of receipt and sales', 'quantity stock register' and most important of them is 'monthly statement of receipts, sales and assessable quantities of foreign liquor' which is accepted by excise department.
